& Archives

6:00pm to 8:00pm

No registration required

We invite you to a Public Open House session on **January 30th, 2020** to get an update on and participate in the ongoing Cultural Heritage Landscape (CHL) Study. The project team will provide a project update, a recap of public engagement activities, and present a list of candidate CHLs that will be further evaluated. The presentation will be followed by a working session where you will have the opportunity to provide feedback on the selected landscapes.

Some key questions to be answered and conversations that will occur through the evening include:

- / What is significant about the selected landscapes?
- / What feature(s) should be protected?
- / Do you agree/disagree with the approximate CHL boundary?
How would you refine it and why?
